

## MEDWATERICE:

# Towards a sustainable water use in Mediterranean rice-based agro-ecosystems

## EXECUTIVE BOARD MEETING (WP LEADERS)

**Milano, Monday 17 February 2020**

The PRIMA programme is supported under Horizon 2020, the Framework European Union's Programme for Research and Innovation

# AGENDA

**9:15 am - Arrival at DISAA UNIMI**

Aula Presidenziale, via Giovanni Celoria, 2, 20133 Milano MI

**9:30-10:00 - WP1:** General presentation about the progress of the project.

**10:00 am - 13:00 am - State of progress of next Deliverables/Milestones**

Each WP Leader has to present: the state of progress of Deliverables/Milestones to be submitted on 12<sup>th</sup> and 18<sup>th</sup> month of MEDWATERICE project (main contents to be included, activities to be conducted to achieve these contents; data required from partners and deadlines). Please, consider a presentation of about 20 minutes, leaving 20 minutes for discussion. While preparing the presentation, each WP Leader is asked to read carefully the content of each Tasks introduced in the original project submitted to PRIMA-IS.

**10:00-10:40 - WP2:** Deliverable "D2.2 - Report on on-farm case study activities and results" (due by the end of September 2020; with a corresponding Milestone at the end of March - UdG).

**10:40- 11:20 - WP3:** Deliverable "D3.1 - Report on conceptual framework and case study RAP" (due by the end of March 2020 - CSIC). Discussion on data to be collected at the district scale by each CS, as input data for the proposed framework.

**11:20-11:40 - Coffee Break.**

# AGENDA

**11:40-12:20 - WP4:** Deliverable "D4.2 - Report on the contribution of irrigation innovations in rice production and food security in Egypt, also considering the new Egyptian legislation" (due by the end of September 2020 - ARC).

**12:20-13:00 - WP5:** Update about the ongoing activities, and discussion about the questionnaire and the selected set of techno-economic, social and environmental indicators to evaluate the sustainability of traditional and alternative rice irrigation options at the farm level. Discussion on the possible use of the questionnaire to collect data at the district scale.

**13:00 – 14:00 Lunch at the University Campus canteen.**

**14:00 - 14:40 - WP6:** Deliverable "D6.1 Dissemination/Exploitation/Communication activity plan" (due by the end of March 2020 - IPC) and organization of the updating of website contents "D6.3 - Website Update" (due by the end of May 2020 - IPC).

**14:40 - 18:00:** Dates and places for next Assembly and WP Leaders meetings. MEDWATERICE national and international events to be scheduled. Any other topic to be discussed.

**19:30-22:00 – Dinner at Trattoria Bertamè, Via Lomonaco 13, Città Studi, Milan.**
